

The Blueprint for Success: Licensing Your Star Hotel in Indonesia

A comprehensive guide to KBLI 55110
under the 2025 Regulations (PP
28/2025).

KBLI 55110: The Official Classification for Star Hotels

Definition

The official business classification (KBLI) for providing star-rated hotel accommodation and related services to the public, using part or all of a dedicated building.

Governing Regulation

Peraturan Pemerintah (PP) 28/2025

Sector

Tourism

A Favorable Framework for Hotel Investment

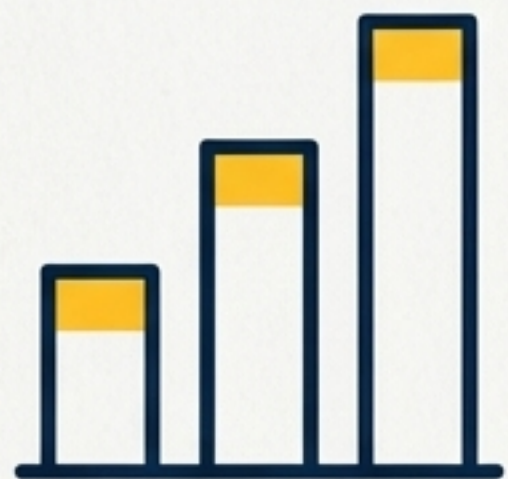

Risk Level: Medium

This signifies a clear, standardized set of requirements with a streamlined, risk-based verification process.

Foreign Ownership (PMA): 100% Permitted

The regulatory framework allows for full foreign ownership without local partner requirements.

Business Scale: Open to All Scales

Applicable for Micro, Small, Medium, and Large-scale business entities.

Issuing Authorities: Multiple Levels of Government

Licenses are issued by the Governor, Mayor/Regent, or, in the case of foreign investment (PMA), the relevant Minister/Head of Agency.

The Process Is Centered on Your Readiness

The Indonesian government's risk-based approach places the responsibility on the business to demonstrate compliance upfront. The key is thorough preparation.

01

Self-Assessment

Download and complete the “Self-Assessment of Standard Implementation Readiness” form.

02

Documentation

Compile all required supporting documents as evidence of compliance.

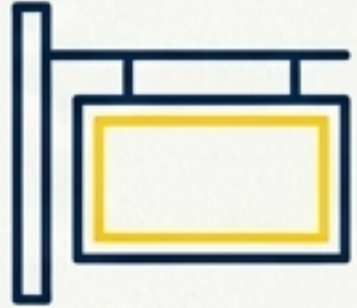

03

Submission

Submit the completed form and all supporting documents as a **single, consolidated file**.

Clean Water Supply:

Documentation of a clean water supply (colorless, odorless, tasteless, clear).

Equipped Office:

An office/administration area equipped with necessary work tools.

Secure Storage:

A dedicated and secure warehouse or storage area.

Safety Equipment:

Functioning First Aid kits (P3K) and Portable Fire Extinguishers (APAR).

Property Status:

Clear documentation of ownership or legal status of the business premises.

The Blueprint, Part 2: People and Service Protocols

Human Resources (1 Document)

Proof of valid and active health and/or accident insurance coverage for all employees.

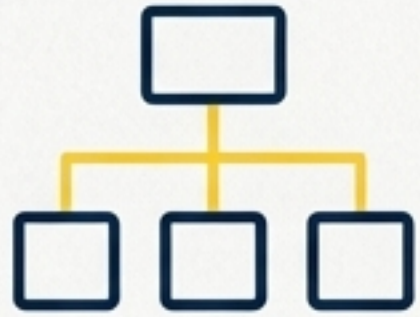

Service & Production Standards (1 Document)

Documented information on available nearby medical services, such as a doctor, hospital, or clinic.

The Blueprint, Part 3:

Demonstrating Management Capability

Organizational Structure: A documented organizational chart with clear, written job descriptions for every position.

Business Plan: A valid and documented business plan that is currently in effect.

Standard Operating Procedures (SOPs): Valid and documented SOPs and/or technical work instructions.

Maintaining Your License:

Ongoing Obligations for Good Governance

- 1. Obtain Tourism Business Standard Certificate**
Must be acquired from a Tourism Professional Certification Body (LSPPr).

- 2. Secure Health-Worthiness Certificate**
Must obtain and maintain a *Sertifikat Laik Sehat*.

- 3. Manage Foreign Workforce (if applicable)**
If employing expatriates, must have an approved Foreign Worker Utilization Plan (*Rencana Penggunaan Tenaga Kerja Asing* - RPTKA).

- 4. Retain Self-Assessment Documents**
The complete Self-Assessment package must be kept on file and available for inspection.

The Approval Accelerator: Indonesia's 'Fiktif Positif' Mechanism

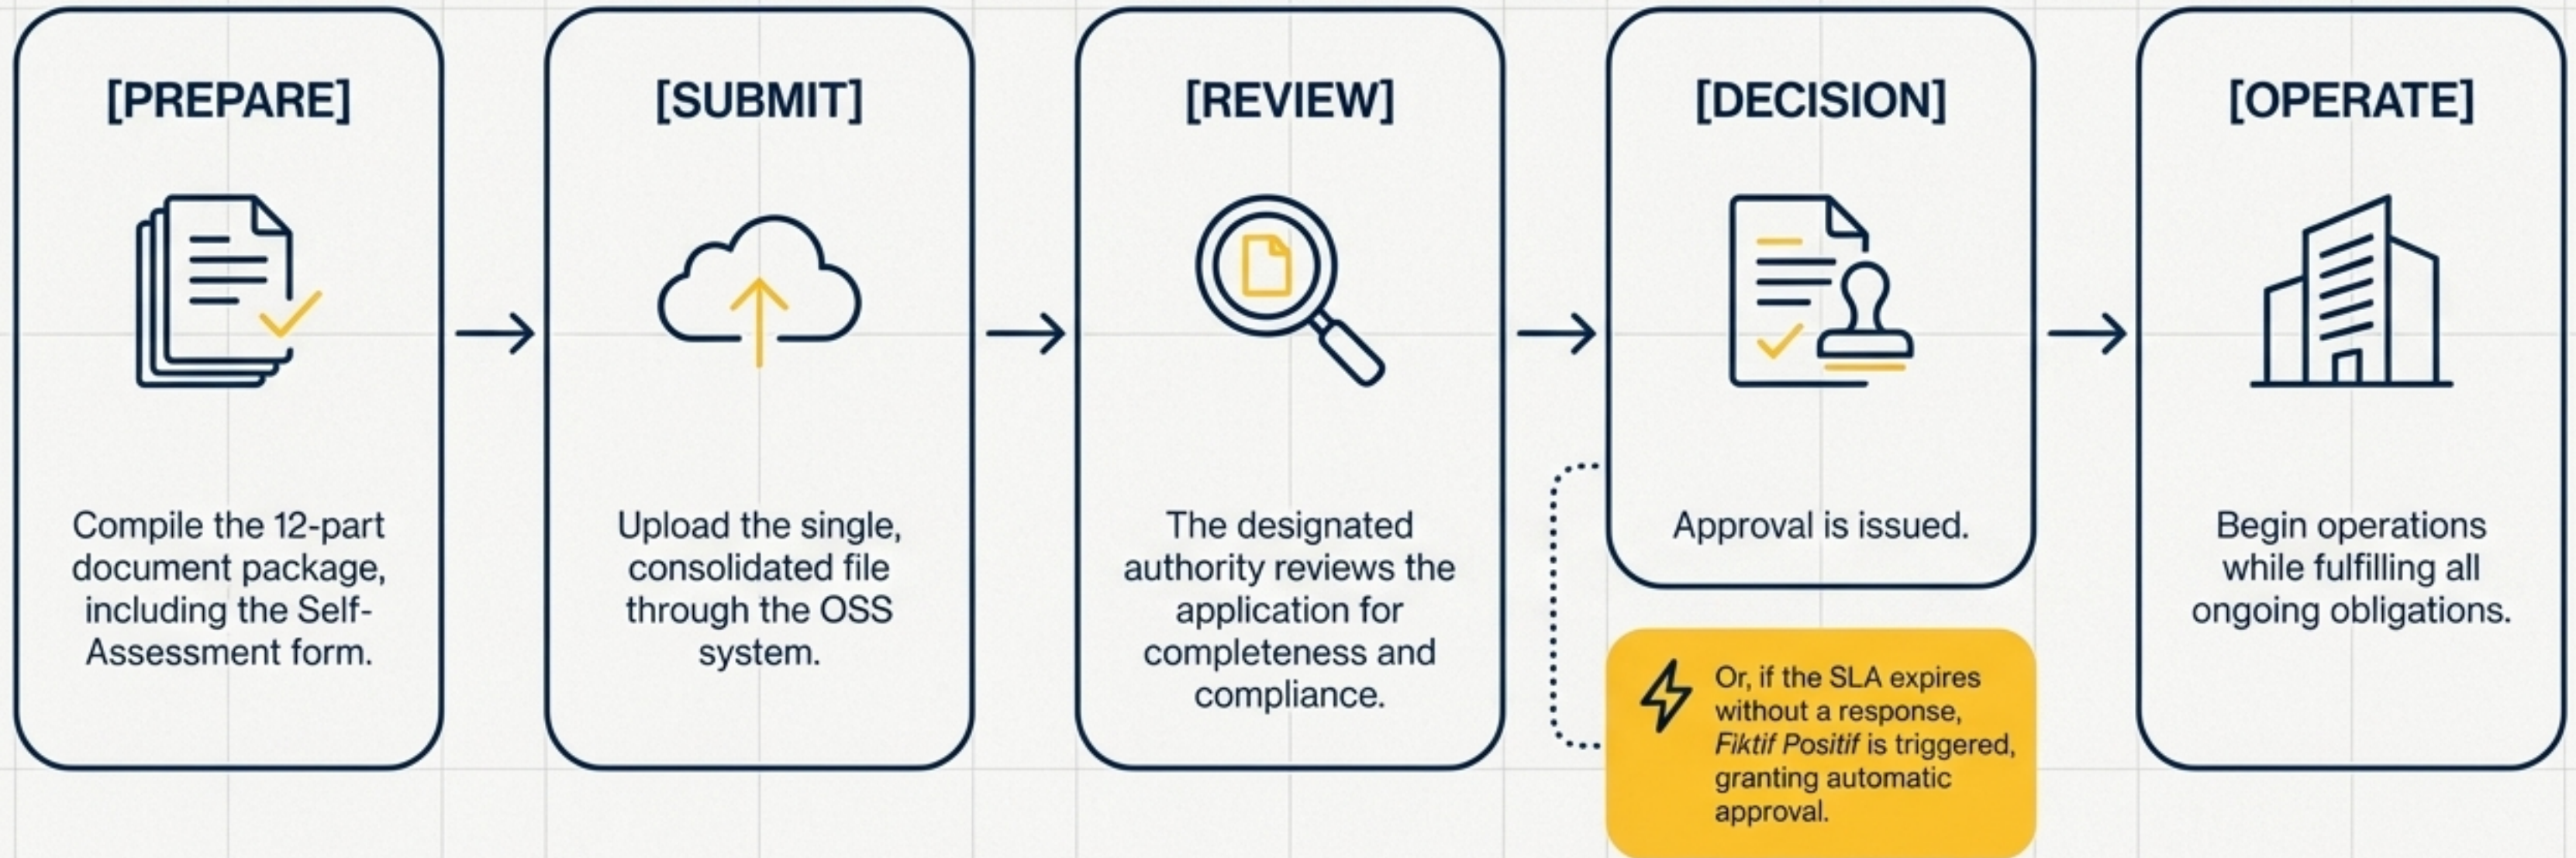

KBLI 55110 is eligible for *Fiktif Positif* (Automatic Approval).

If the licensing authority fails to provide a response within the official Service Level Agreement (SLA) timeframe, your application is **legally deemed to be automatically approved.**

This mechanism applies specifically to hotels with a building area greater than 10,000 m².

The Licensing Journey, Simplified

A Clear Path to Your Indonesian Hotel Venture

The 2025 regulations provide a clear and predictable path for hotel investment in Indonesia. Meticulous preparation is the key to leveraging this efficient system.
